**Question 6(a)**

**In relation to our proposal to introduce a “hard cap” of six listed issuer directorships that INEDs may hold, do you agree with the hard cap to ensure that INEDs are able to devote sufficient time to carry out the work of the listed issuers?**

No

**Please provide reasons for your views.**

1. It depends on the time, commitment and availability of the INEDs. The six-directorship cap, which is too overly simplistic, will preclude competent and diligent INEDs who devote sufficient time to multiple directorships.
2. Assuming the INED works 30 hours per week and has 100% time available for INED work (no other work), this will equate to around 1400 hours per year. Normally, 100 hours is sufficient for an INED to well prepare and discharge his duty. Having 6 INED directorships will not fill up his entire time available. As well, the longer an INED stays with a company, the more knowledge and experience one accumulates, and the time one takes becomes less.
3. Hong Kong is a small city. The close proximity between places can allow INED attend multiple meetings within a day if needed. Few commuting time and ease of commuting allows an INED to conduct more work efficiently.

**Question 7**

**Do you agree with the proposal to introduce a new Mandatory Disclosure Requirement (MDR) in the CG Code to require the nomination committee to annually assess and disclose its assessment of each director’s time commitment and contribution to the board?**

No

**Please provide reasons for your views.**

It is difficult for the nomination committee to assess effectively and quantify objectively the quality of the contribution of a director.

**Question 8(a)**

**In relation to our proposal to introduce a “hard cap” of nine years on the tenure of INEDs, beyond which an INED will no longer be considered to be independent, do you agree with the proposed hard cap to strengthen board independence?**

No

**Please give reasons for your views.**

1. The time served by an INED has no relevance to independence. It is more a matter of personal integrity than time serving a company. It takes time for INEDs to understand big corporations (particular conglomerates with multiple lines of business), their business and management.
2. Long serving directors possess more institutional knowledge which enables them to provide more informed and effective oversight of the companies.
3. It is quite common for professionally managed companies (especially in PRC) for the senior management/CEO to change from time to time. An experienced and long tenure INED with better knowledge of a company can assist to minimise impact caused by changes in management.
4. There are detailed requirements in the existing Listing Rule 3.13 which ensures independence of an INED.
