Inform Staff and Clients

Exchange Participants should notify all interested clients about the introduction of new stock options. In addition, all your staff should be fully aware of the above and should exercise caution when dealing with new stock option contracts, and when advising your clients. Please also ensure that your back office systems are operationally ready.

Investors should also be aware that some stock options have market makers signed up while others do not. Availability of market makers, depending on their sign-up, may also change from time to time. The availability of market makers will be updated on the [HKEX website](#) from time to time. Investors should exercise due caution in trading stock options without market makers and understand the liquidity risk involved. They would have to trade against other investors with opposite views when they open or close their stock options positions.
